1. R. Bass encouraged the board what a great opportunity this is for the anyone but particularly students on the board

2. C. Derrico explained that the nature of the Vice Chair position currently is a bit different than past years because of the amendments that were made to Corinne Smith and Jeremy Bookers current positions for just this semester in the past board meeting. With Corinne Smith serving as Chair of BASC and Jeremy Booker serving as Chair of the Elections Council, the Vice Chair would just need to support both Chairs in case someone must be out for a meeting as well as support the board as a whole in whatever capacity may be needed.

3. Sean Kramer self-nominated for the appointment of ASI Vice Chair

VIII. M/S/P (S. Kramer/T. DeBoni) Motion passed 9-0-1

11) New Business:

a. INFORMATIONAL ITEM: ASI Executive Director Search Update (C. Derrico)

i. C. Derrico reported that Helen Alatorre has accepted the position of ASI Executive Director and will start April 10th, 2017.

b. INFORMATIONAL ITEM: Updated Student Programming Board purpose statement (T. Sherrill and R. Leal)

i. The old purpose statement was extremely long and was difficult for members to remember and to know the “why” behind Student Programming Board (SPB) because it spoke to what SPB does, but not what SPB exist.
To begin the process of revising the purpose statement, Tonee Sherrill asked the members of SPB “why SPB exists”?

1. There was great commonality among the SPB member’s answers. From there Tonee Sherrill and Robert Dennis (The Student Union Graduate Student) compiled and drafted many different versions and brought it back to the student leadership and they voted on the new purpose statement.

   a. New Purpose Statement: The purpose of the Student Programming Board is the increase CSU Channel Islands’ student engagement through cultural, educational, and social programming.

c. INFORMATIONAL ITEM: Student Union Sound System Update (T. Sherrill)

   i. The Student Union AV System is down and has been down for 1-2 months. It is time to do an overhaul of the entire system. Currently, T. Sherrill is working with IT to get some bids from different vendors. Without including labor, the project will be around $75,000 (this is normal amount for this type of project). T. Sherrill hopes to share updates on what the bids are from vendors during the next board meeting. There are two options when it comes timeline and in consideration we want to make sure we can give the most to our students and we can’t right now and its inhibiting students with the AV System down. If the Student Union waited on IT to take on this project it would have to wait for 6 months, which is why IT suggested to go with an outside vendor.

      1. Timeline Option 1: Wait till summer time
      2. Timeline Option 2: Phase it out during the course of this semester.

   ii. The whole project itself would entail fixing the entire rack that is wired to all TV’s, all screens, and all speaker systems in the entire building.

   iii. When more information is gathered, more updates will be shared with the board.

d. INFORMATIONAL ITEM: Elections Council Update (J. Booker)

   i. Due to Jeremy Booker being unable to attend, Sean Kramer will give the update.

      1. The deadline to run for office has been extended for Senators and Board Members to March 7th at 5pm
      2. Please spread the word to any and all students.

e. INFORMATIONAL ITEM: BASC Update (C. Smith)

   i. The BASC is finishing student org. budgets discussions and hope to bring a suggestion to the board sometime in April

   ii. C. Derrico clarified that the student orgs submitted presentations to the BASC to review, but the students are not presenting these presentations. This decision was made to give the BASC more time to review the presentations and have enough time to make a recommendation to the board in April. By making this change the BASC is able to review much more information, send out specific questions to the student orgs, and has been able to review a significantly larger number already, than in the past
iii. C. Smith it is the hope of the BASC to dedicate one specific meeting where all the student orgs budgets will be reviewed to give the student orgs a specific opportunity to come to a BASC meeting.

iv. J. Gold asked how the BASC advertises when their meetings are and who can attend.
   1. J. Shoemaker clarified that all BASC meetings are open to the public and are posted a week ahead of time to give the opportunity for anyone to attend who wants to.
