      5. The audit has a fixed fee
      6. Vasin, Heyn and Associates offers:
         a. An executive session with just the auditors if the Board would like
         b. A free informational/training presentation for our Boards, if the Board would like
      7. The accounting principles for the 2019 year will have dramatic changes
         a. There also is a new requirement of a liquidity disclosure, which will be brand new
b. Over the years, a methodology has developed for the Form 990, which will be implemented as well.

8. In the fall there will be a presentation on how to read the financial statements
   a. The ASI office will coordinate a date for that.

9. The Board asked the auditors multiple clarifying questions.
   a. Specifically, the auditors will look into more information about the amount of $5,510 on page 14

10. Discussion:
   a. T. DeBoni expressed that having more time to look over these documents would be beneficial.
      i. C. Derrico shared with the Board that the deadline to the Chancellors office is the 21st and that this audit would need to be finalized by next week. Additionally, C. Derrico shared that the auditors have served ASI well, but that the ASI professional staff have not had the opportunity to review the documents in great detail as of yet.
      ii. C. Derrico suggested a few options for the Boards consideration:
          1. The Board could recommend it to the CFO this morning and that the ASI professional staff would still review for minor changes
          2. The Board could set a meeting now for next week in case there is a need to review changes
          3. The Board could review the changes after the fact in October

III. I move to recommend the current audit report to the CFO with the caveat that the ASI professional staff are able to get clarity and if they are not substantial that we move forward and if not we have those items presented to the Board for review and approval.
   a. M/S/P (T. DeBoni/A. Reyes) Motion Passed 4-0-0

IV. I move that we have an emergency meeting on September 13, 2018 at 7:40 a.m. in the event there is a need for Board review and approval.

      1. Shawna Brown
         a. Questions:
i. T. DeBoni: Any competing commitments?
   a. S. Brown: The BioChem work load is intensive and I am also a Board member for an online charter school, but those are quarterly. I work 20 hours a week at the Student Union front desk. I do take on a lot, but I like keeping busy and staying challenged.

2. A. Reyes: What challenges do you foresee needing to be addressed on the ASI Board?
   a. What is ASI and what are the opportunities for students. We can definitely improve in communication and marketing.

      a. T. DeBoni: As a manager at McDonald’s, in terms of time commitment, how do you feel about balancing that and what have you learned there that could help you on the Board?
         i. I have always been good at time management and I have learned when to cut back on more social things, because I make priorities. So that is not problem to me.
         ii. I learned at McDonald’s the hardest thing is working with others and learning how to work with different people. It is important to be really opened minded about other people and I have learned it is ok to learn how other people do things as it might even be better.
