Welcome to the Spring 2012 semester! I hope you all had a wonderful winter break and are excited for to begin the second half of the school year. There are many exciting announcements listed throughout the following pages of this newsletter that I hope you take the time to review; there are events that your student organization can attend and participate in like Discover CI and Back to Basics, information about how you can highlight your Student Organization at the Student Leadership Awards and much more!

There are two announcements I

would like to highlight that are important for you to know.

2012-2013 Renewal Paperwork is Due May 25, 2012

The deadline for renewal paperwork for the 2012-2013 will be the last day of the Spring semester, May 25, 2012. Complete student organization renewals (Application, President Agreement, Advisor Agreement, Member Agreement Forms for at least five members which includes a President and Treasurer, and End of Year reports) are due May 25, 2012. The registered status of those applications received after May 25, 2012 will be determined on a case-by-case basis. Please start the process of

voting in and transitioning your officers by the middle of the Spring semester so your organization will be prepared for renewal. It is important to us and you to ensure that your organization's success is sustained for another year. ☺

Revised Policy on Eligibility for Membership in Student Organizations

On Monday, January 23, 2012, the President's Planning and Policy Council voted on a revision to the Policy on

California State
University

**STUDENT
LEADERSHIP
PROGRAMS**

C H A N N E L
I S L A N D S

Eligibility for Membership in Student Organizations (formerly Policy on Eligibility for Membership in Clubs and Organizations SA.21.003). This policy revision marks a significant change in member and officer requirements. In the new policy, in order to be a member of a student organization, the only requirement is that students are enrolled at CSU Channel Islands. However, we encouraged student organizations

to consider imposing more restrictive requirements in their constitution(s) or bylaws to establish requirements that align with the purpose of their student organization (these requirements should be self-regulated). The other change to the policy is that an officer who is ineligible due to failing to meet the semester GPA requirement (of 2.5) may submit an appeal to the Student Organization Officer Appeals Committee for a one-semester (one-time) probationary status to retain the

position(s) held at the time the appeal was submitted. Contact Jaimie Hoffman at Jaimie.hoffman@csuci.edu for more details about the new policy and appeals process.

Have a wonderful January and February everyone!

Sincerely,

Dr. Jaimie Hoffman
Assistant Director of Student Leadership Programs

Attitude Makes the Difference

Dr. Wm. Gregory Sawyer

Vice President for Student Affairs

"The longer I live, the more I realize the impact of attitude on life. Attitude, to me, is more important than facts. It is more important than the past, the education, the money, than circumstances, than failure, than successes, than what other people think or say or do. It is more important than appearance, giftedness or skill. It will make or break a company... a church... a home. The remarkable thing is we have a choice everyday regarding the attitude we will embrace for that day. We cannot change our past... we cannot change the fact that people will act in a certain way. We cannot change the inevitable. The only thing we can do is play on the one string we have, and that is our attitude. I am convinced that life is 10% what happens to me and 90% of how I react to it. And so it is with you... we are in charge of our Attitudes." Charles R. Swindoll.

I honestly cannot think of a more appropriate quote to use for the commencement of the 2012 Spring Semester than that of Charles Swindoll's "Attitude." Simply said, attitude does make the difference. We all have known

some pretty intelligent people who had a terrible attitude and a nasty disposition. For practical and quite logical reasons, we tend to avoid these people like the plague! How many sports teams, musical groups, organizations, etc. have been complicatedly decimated by one or two individuals who thought that they were smarter, better or more entitled than the other members of the group? Successful organizations often need great leaders who know how to lead without thinking they are great. Great leaders are often positive and visualize the win for the group. Great leaders encourage others to be better and act better. Charles Swindoll was absolutely on target when he inferred that a negative attitude "will make or break a company... a church... a home." Without a doubt, negativity has destroyed relationships, communities and even corporations and can bring your club or organization down to its knees. My dad used to say, "beauty is only skin deep but ugly is to the bone." With this statement, he taught me that the goodness of a person is much more endearing to the group than the mere superficial qualities and acquired skills of any one person. People with negative attitudes seem to find resolve in talking negatively about other organizations and people; almost like they have to lower the other person in order to elevate themselves. My 90-year-young mother once said that "people who talk negatively about other people really don't feel good about themselves." Finally, in summing up his positive attitude, my father said, "Son, I am too busy loving

what I am to dislike what I am not!"

How wonderful this world would be if we all could adopt this kind of positive and endearing attitude! Instead of tearing down one another and highlighting each other's faults, let's take time to say and do something nice for each other. In an academic environment where negativity often runs rampant under the guise of critical thinking, we do not take into account that kind and positive people can also be smart and quite capable people. Therefore, if you want your organization to be upbeat and productive; then mirror that behavior. Be that positive "change you want to see in your group." Look for the win/win versus the win/loss. Anytime one is forced to lose, eventually the whole group loses. Keep your organization positive and productive while continually looking for the good in each one of your members. As a leader, you can choose the attitudinal environment in which you serve. You can be positive or you can be negative, as Charles Swindoll states, the choice is ultimately yours!

CI LEADERSHIP DEFINITION

Student Organization Outreach Officer's Notes

By Elizabeth Anson

As we start a new semester, I would ask students, "What do you want to leave behind at CI". The answers to this question will build the future of Channel Islands. We all have the potential to do great things and the way to take advantage of that is simply by reaching and exceeding that potential.

With this, I encourage each and every one of you to get involved! If you are in a President or Vice President, please come to the Student Advisory Board for University Life (SABUL) and actively participate. If you are not in a leadership role, look for other ways you can get involved. Leadership starts the second you decide to take on the responsibility and I promise you that if you want to be a student leader, we will help make that happen here at CI. The SEAL center as well as Student Government and I would be happy to help you on your journey. All you have to do is ask.

Let's start this semester with a bang, the CI way. I know I will!

2012-2013 Student Organization Renewals are due May 25, 2012. Start planning for a successful transition for your officers and organization!

CHANNEL ISLANDS

College for a Day

On **Saturday, March 10, 2012** the 5th Annual College for a Day: *Imagine, Believe, Achieve* event will be hosted by University Outreach at CSU Channel Islands (CI). This day serves as an important student, staff and faculty service learning opportunity to reach out to our local K-5th grade migrant student community from the local Ventura County school district. The day is designed to inspire, teach and inform students and their parents about access to and benefits of postsecondary education. In Fall 2010, over 250 students and their parents

were served by approximately 90 CI student, staff and faculty volunteers. This outpouring of volunteer support was a testament to the importance of civic engagement and the investment of the CI community in Ventura County.

If you are interested in volunteering or learning more about this local volunteer opportunity, please email Leah Alarcon, associate director of Student Success Programs, at leah.alvarado@csuci.edu or call (805) 437-8515.

We will have a mandatory, volunteer training the last week of February, 2012. More information will be sent to those

that sign up to volunteer.

**If you are interested in getting your student organization involved in this event, I am available to speak at your next student organization meeting. Please contact me as soon as possible to schedule this presentation.*

IT'S EASY BEING GREEN

By Briana Linares

Small changes in your daily routine could prove positive progress in the fight against global warming. Here are a couple of tips: Carry a reusable cup, mug or water bottle with you when possible, use reusable bags, take shorter showers, don't buy bottled water (use a filtration systems such as Brita) run more errands in one car trip, turn off lights/electronics when not in use, take advantage of day light, print double-sided, eat foods that are in season, and buy locally grown foods. For more green tips or information on being green at CI please contact Briana Linares in OPC at Briana.linares122@csuci.edu.

Want Money? ASI Budget Request Process

It's that time of year to request your student organization's annual budget from the ASI Budget Allocation and Spending Committee. The Budget Allocation and Spending Committee (BASC) is a subcommittee of the ASI Board who hears all budget related requests. All organizations interested in requesting a 2012-2013 budget must attend an ASI Budget Request Workshop. Organizations can have multiple representatives at the mandatory budget workshop. Student organizations who have selective membership (i.e. grade point average restrictions, gender restrictions, etc) are ineligible for funding. Sports clubs are also ineligible for funding and must request their budgets through Campus Recreation.
