

Alex Yepez

Student Government Senator

Candidate Statement

Hello CI!

I am excited to announce that I'm running for a position on the ASI Board of Directors, as well as a Senator for Student Government. Currently, I am a 3rd year junior majoring in Sociology with a minor in Communication and Chicano Studies. In my time here at CI, I have been involved in many things like TRiO Student Support Services, Orientation, Back to Basic, Student Government and ASI. While serving on Student Government as the Social Justice Senator, one of my main focuses was to ensure that all students at CI had a positive educational experience. I wish to continue doing with whatever constituency is assigned to me. I hope that I can continue to serve CI and to represent students as a member of the ASI Board and Student Government.

Thank You,

Alex I. Yepez
