Greetings CI Students!

It is with great excitement I announce I am running for the ASI Board Member one year term for the upcoming year. I am currently a junior, majoring in education. I chose my major because I want to be an elementary education teacher. I believe success in life depends on a solid and positive education and I want to help children develop a love for education at an early age. Throughout my time at CI, I have taken advantage of a number of leadership opportunities that I believe have prepared me well to serve in this leadership role and be a voice for the CI students. I have attended the Back-to-the-Basics Leadership Retreat, which helped to clarify the characteristics necessary for a leader; I have worked in HRE as an RA which has exposed me to various students, faculty and staff; I have taken The University class where I have learned a great deal about campus structure and policies; and I have been a member of the Student Programming Board, which has helped me to develop programming skills to meet the needs of our diverse student body. If elected to serve on the ASI Board, I know I am capable of making positive changes and represent the CI students well.

All students applying for the ASI Board of Directors are encouraged to submit a Platform in electronic format to diana.ballesteros868@csuci.edu.
